Update: Transfer of Shares in a Consolidated Subsidiary

As disclosed on February 18, 2005, we have agreed to transfer its 93.75% shares in Itron Corp., a consolidated subsidiary, to MagnaChip Semiconductor LLC, registered in Delaware, USA. We are developing and negotiating the terms for the transfer of Siix' shares in Itron earnestly, and we expect to close the agreement soon.

In the course of these operations and negotiations, the probability has now increased that the extraordinary income that results from this transfer will vary from the amount originally forecasted and disclosed before. As soon as specific amounts are agreed and settled, we will provide details, together with the effect of the transfer on the forecast of results for the 2005 fiscal year (fiscal year ending December 31, 2005).
