Announcement of acquiring new shares of iWOW Technology Pte Ltd

SIIX Corporation (“SIIX”) has hereby announced that it has decided at its board of directors meeting held today to acquire new shares of iWOW Technology Pte Ltd (“iWOW”) (headquarters: Singapore) iWOW is a company which offers design and development solution for wireless communication (a mobile phone development, modem, module and embedded software, etc.). SIIX and iWOW are going to collaborate broadly in wireless solution business.

1. Object of Acquisition

SIIX, as its mid-and long term strategy, has been focusing on development of new business related to ecology and B to G infrastructure and proceeding to enter into an alliance with technology partners to obtain new technology. The investment to iWOW is in line with this strategy. We intend to develop new business in wireless solution field by taking advantage of SIIX’s function of procurement and manufacturing, iWOW’s design and development capability, and both parties’ customer base. Recently, wireless communication technology such as Bluetooth and GPRS has practically been implemented in smart-meter, AMR and automotive equipment. We are also aiming to collaborate to develop new business in such fields.
