Basic Policy and Activities of the SIIX's Manufacturing Plant

Promotion of Manufacturing DX (Digital transformation)

Strengthen core competence

Progress of the SIIX Manufacturing Academy

Purpose

Aiming to develop human capital necessary for manufacturing, establish "SIIX Manufacturing Academy" to improve technical capabilities and skills that form the basis of manufacturing, and establish a system for the continuous training.

Available to All SIIX employees

- ✓ The academy is opened for not only engineers, but also managers, sales representatives, and overseas local employees.
- ✓ The curriculum consists of beginner, intermediate, and advanced courses in seven languages.

- Beginner level: Explanation of the outline of each process
- Intermediate level: Explanation of control methods and production methods for production
- Advanced level: Explanation of countermeasures against defective products

Courses are created for each manufacturing process

- ✓ 32 curricula created by process
- ✓ Post-training comprehension tests conducted by curriculum; 992 participants completed

	As of August 2025	Beginner	Intermediate	Advanced

Initiatives for Smart Factories

● Acceleration of automation through global structure

GED (Global Engineering Department) Japan
FADC (Factory Automation Development Center) Automated Machinery Design and Development Center in Indonesia
HRDC (Human Resource Development Center) Technical Support Center in Philippines
GITO (Global IT Operation) Japan

● Automation Promotion Activities

- Design and development of automated equipment → Equipment production and installation
- Production start-up and technical support → Equipment standardization and equipment governance functions

● Standardization of manufacturing systems

- Support for the introduction of core systems at each site
- Standardization and system governance functions of MES (Manufacturing Execution Systems)

👉 Promoting Data Driven Activities

Enhancement of production sites

• Enhancement of end-to-end production processes

- Strengthening the support system for all processes by the technical team
 - Technology, quality, and automation support from the source
 - **Proposals to customers by the Sales Technology Group (Designing for Manufacturing)**
- Support for all sites through global functions
 - **Optimization of quotations through global manufacturing costing**
 - Acceleration of DX in manufacturing through global technologies
 - **Standardization of manufacturing execution systems through global IT functions**

Solar power installation status

Usage of Renewable Energy Electricity

Slovakia Plant, Hungary Plant, Sagamihara Plant (Japan), Philippines Plant, Germany Sales Office, Singapore Sales Office

Implemented in 2025

- Switch to renewable energy
Philippines (to 100%), Dongguan (90%), Shanghai (90%)
- Solar Power Generation
Singapore, Thailand
- Switch to purchasing emission credits in their own countries
All factories in China (Dongguan, Shanghai, Hubei), Thailand, Mexico, Karawang (Indonesia)

Sustainability Initiatives

- **Establishment of the Murai SIIX Foundation**

The Murai SIIX Foundation was established on July 17, 2024.

Following selection by the foundation's selection committee and a resolution by the board of directors, 23 scholarship recipients for the first term were decided on July 9 of this year, and scholarship payments have begun.

First payment recipients

12 men, 11 women, for a total of 23 students.

Breakdown:

6 countries (Indonesia, Vietnam, Malaysia, Thailand, Myanmar, Philippines)

8 universities (Kwansei Gakuin University, Doshisha University, Ritsumeikan University, Kansai Gaidai University, Kansai University, Ritsumeikan Asia Pacific University, Meiji University, Chuo University)

The website of the Murai SIIX Foundation has been opened.
